WHOLESALE LIST
Spring 1926

JOSEPH F. MARTIN
NURSERIES

One-half Mile South of Stop 81
C. P. & E. Electric Line

Painesville, Ohio

Visitors and Customers Are Always Welcome

When You Think “Perennials”
Think “Joseph F. Martin Nurseries”
IN presenting this edition of our Wholesale Price List, we wish to thank our customers for their liberal patronage in the past. And on the basis of service and satisfaction we respectfully solicit your orders large or small.

Nature has endowed us with a perfect nursery climate here in northern Ohio and given us Lake Erie for a near neighbor. She has given us five distinct kinds of soil: clay, sand, gravel, muck, and loam, together with mixtures of these. You can readily see the advantage of this because in growing a varied line of perennials, one plant will grow better in one soil and another in another. Variety of soil and good climate assure us healthy, hardy plants well matured.

In growing our stocks we try to give most careful attention to cultivation to insure prime quality and we take great pains to keep our varieties pure and true to name.

**Our stock consists of nice thrifty field-grown plants**

In making up this Price List we have eliminated many items that we consider unworthy and devote ourselves to the best staple varieties. Special prices on large quantities. Write for quotation stating your needs.

With our seventy-five acres of Perennial Nurseries equipped with adequate store houses, we are able to fill large orders as well as small ones promptly and accurately.

We wish to offer our customers only the best in our line.

Yours respectfully,

JOSEPH F. MARTIN
**JOSEPH F. MARTIN NURSERIES, PAINESVILLE, OHIO**

No perennials sold in quantities less than six of a variety
heavy soil where they will not lack for moisture; they will prove very attractive in the border in such a position. 

**Gloria**—Brilliant dark pink, shaded lilac .......................... 4.50 35.00

**Pink Pearl**—Delicate pink, 3 ft. ... 4.00 30.00

**Vesta**—Lilac-rose. 2½ to 3½ ft. ... 4.00 30.00

**BAPTISIA Australis** (False Indigo) —A strong growing plant about 2 ft. high, suitable either for the border or wild garden with dark green deeply cut foliage and spikes of dark blue, lupine-like flowers, 2 yr. .......................... 1.00 8.00

**BOCCONIA**. (Plume Poppy)

**Cordata.** 6-8 ft. Big, feathery heads of creamy white flowers. Tall, upright habit .......................... 1.00 7.00

**BOLTONIA Asteroides**. Among the showiest hardy plants with large single Aster-like flowers. The plant is in bloom during the summer and autumn months with its thousands of flowers open at one time producing a very striking effect. Pure, white, very effective, 5-7 feet .......................... 1.00 7.00

**Latiscuama**—Lavender-pink. 4-5 ft. 1.00 7.00

**CALLIRHOE** (Poppv Mallow)

**Involucrata** .......................... 1.00 7.00

**CAMPANULA** (Bellflower). A large and varied family of the greatest value for general garden decoration. They are of the easiest culture, thriving in any ordinary garden soil.

**Medium** (Canterbury Bells). **Blue, White, or Rose** .......................... 1.00 7.00

**Medium Calycanthema** (Cup-and-Saucer). **Blue, White and Rose**. Colors separate .......................... 1.00 7.00

**Carptica, Blue and White** .......................... 2.00 15.00

**Persicifolia, Blue and Alba** .......................... 2.00 15.00

**Latiolia Macrantha**. 3 feet. June and July. Very handsome, enormous drooping bells of fine satiny lilac and deep purplish shades. 1.00 7.00

**CARNATION, Vienna**. Market .......................... 1.50 10.00

**HARDY CHRYSANTHEMUMS**. This is the flower above all others that gladdens your heart when your garden is growing bare. The inclusion of Hardy Chrysanthemums in your plantings makes it possible to have the garden bright with flowers after the majority of hardy herbaceous flowers are past. They are also valuable for cut flowers.

The varieties offered below have been carefully selected and will give a flowering period of two months, from the middle of September until the middle of November.

**Autumn Glow**—Rose crimson large 1.50 8.00

**Bronze Button** .......................... 1.50 10.00

**Elkton**—Profuse, very compact, multi-petaled flowers of dollar size, blush white slightly tinged lavender .......................... 1.50 10.00

**Excelsior**—Bright orange yellow; very free. Large .......................... 1.50 10.00

**Field of Snow**—Pure white button .......................... 1.00 7.00

**Golden Queen**—Yellow, large .......................... 1.50 10.00

**Hilda Wells**—Beautiful Tuscan red shaded yellow at base of petals .......................... 1.50 10.00

**Indian**—Copperish red .......................... 1.50 8.00

**Ladysmith**—Earliest, deep rose pink .......................... 1.50 10.00

**L'Argentuiiais**—Carmine red and gold. Decorative .......................... 1.50 10.00

**Old Homestead**—Buff. Large .......................... 1.00 7.00

**Skibo**—Showy, golden button Pompon .......................... 1.50 10.00

**Victray**—White, large .......................... 1.00 7.00

**CHRYSANTHEMUM MAXIMUM.** (Giant Mconppeny or Shasta Daisies)

**Alaska**—Extra large .......................... 1.00 7.00

**King Edward VII**—New, Vigorous grower; enormous white flowers. 1.00 7.00

**CHELONE** (Shell Flower)— Handsome perennials growing about two feet high, and bearing numerous spikes of large flower heads, summer and fall.

**Lyoni**—Heads of showy purplish-red flowers .......................... 1.00 7.00

**DELPHINNIIUM** (Perennial Larkspur)— Indispensable to the herbaceous garden. Their long showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any color scheme.

**Belladonna**—The most continuous blooming of all, never being out of bloom from June first until cut down by hard frost. The clear turquoise blue of its flowers is not equalled for delicacy and beauty by any other flowers, 1 yr. .......................... 1.00 7.00

Select two year old clumps .......................... 1.50 10.00

**Bellamosum**—The dark blue form of the popular Belladonna, 1 yr. .......................... 1.00 7.00

Select two year clumps .......................... 1.50 10.00

---

**COREOPSIS Lanceolata**—A beautiful hardy border plant, grows 15-18 in. high and produces its bright yellow flowers in great profusion. By cutting off old flowers, will bloom until fall .......................... .85 6.00

**Verticillata**—A dwarf everblooming variety grows 10-12 in. high, covered with fine yellow flowers .......................... .85 6.00

---

DIELYTRA, or DICENTRA—A hardy perennial with heart-shaped, rose-colored flowers in drooping spikes. The base of the flower is furnished with two sheath-like spurs.

Eximia (Plumy Bleeding Heart).—A dwarf-growing sort, with beautiful finely cut foliage and showy racemes of pretty pink flowers throughout the season. 2.00 15.00

Spectabilis (Bleeding Heart, or Seal Flower).—An old-fashioned favorite; its long racemes of graceful heart-shaped pink flowers are always attractive. It is used largely for forcing. 4.00 30.00

DIGITALIS (Foxglove)—A grand display of thimble-shaped flowers in immense spikes during July and August. Tall growing with large, rough foliage. Separate colors. White or Rose 1.00 7.00

ERYNGIUM (Sea Holly)—Finely cut spiny foliage and thistle-like heads of flowers of a beautiful steel blue. Very decorative in the hardy border, and useful for dry bouquets in winter.

Amethystinum (syn. Oliverianum).—The true blue Thistle, with amethyst stems and bracts 1.00 8.00

Planum—Deep blue cones 1.00 7.00

Eulalia Japonica Variegata—Very ornamental; long, narrow leaves, striped green, white, and often pink or yellow. 1.50 10.00

DIANTHUS Barbatus (Sweet William)—Old favorites, bearing their sweet, clove-scented flowers in the greatest profusion during May and June. They are indispensable for the edge of the hardy border and for cutting. 1.00 7.00

Latifolius Atroccineus fl. pl.—(Everlasting Hybrid Sweet William)—Beautiful summer bedding variety producing masses of brilliant fiery crimson flowers all season. 1.00 7.00

Pink Beauty—Improved fine deep salmon pink color. 1.00 7.00

Scarlet Beauty—Rich deep scarlet, bright green foliage, very fine. 1.00 7.00

White Beauty—Pure white. 1.00 7.00

Her Majesty—Double white. 1.50 10.00

Plumarius (Hardy Pinks) 1.00 7.00

JOSEPH F. MARTIN NURSERIES, PAINESVILLE, OHIO

EUPATORIUM Coelestinum—Simply flowers with blue Ageratum-like flowers in August and September. 2 feet. Fine for cutting. 1.00 7.00

EUPHORBIA Corollata (Flowering Spurge)—A branchy low-growing plant with fine stems and foliage, literally covered from June to August with loose umbels of pretty white flowers. Good for cutting in long sprays; and one of the most charming mist-flowers to mix with bouquets of Larkspur. 1.00 7.00

FUNKIA Undulata Variegata (Day Lily)—Graceful green leaves having flushed white edge. Very conspicuous plant for border. 1.50 10.00

Caerulea—Long, nodding, deep blue flowers. Leaves green 1.00 7.00

Lanceolata—Valuable by reason of its late flowering, lilac flowers in September; 2 feet. 1.00 7.00

GAILLARDIA Agrandiflora (Blanket Flower)—This is considered one of the most beautiful and desirable plants in cultivation, beginning to bloom in June they continue one mass the entire season. Base of petals are scarlet crimson, bordered golden yellow. A most beautiful combination. Fine for cutting. 1.00 7.00

GAILLARDIA Stan Holder—From Seed. 1.50 10.00

GALEGA Officinalis. Goat’s Rue. 1.50 10.00

Alba. White flowers; fine for cutting. 3 to 4 ft. July 1.50 10.00

GEUM Mrs. Bradshaw—Fine double scarlet flowers throughout summer and fall. 15 inches. 1.50 10.00

GYPSOPHILLA Paniculata (Baby’s Breath)—A beautiful old-fashioned plant possessing a grace not found in any other perennial and attracting the eye of everyone. Dense spreading bush, numerous tiny flowers in light feathery panicles, delicate foliage, fine for cutting, excellent for border or large rock gardens. July and August 1.00 7.00

Strong two year old roots 1.50 10.00

HELIANTHUS. Hardy Sunflower.

Multiflorus, Soleil d’Or—Deep golden yellow 1.50 10.00

HEMEROCALLIS Thunbergii—Much like Flava, but flowers in July, a month later, and 6 to 10 inches of the upper portion of the flower scapes are thickened and flattened. 1.00 7.00

Minor—Dwarf lemon yellow. First of June 1.00 7.00

HELIOPSIS Scabra Excelsa—A new double flowering form growing

No perennials sold in quantities less than six of a variety.
